

U.S. Calls For Action In Freeing Indonesia

Ask Dutch To Prove Good Intentions

Washington, Jan. 6—(AP)—The United States prodded the Netherlands government today to prove by prompt, specific actions its declared intention to grant self rule to the people of Indonesia.

Undersecretary of State Lovett made the U.S. views known in a letter addressed to CIO President Philip Murray. Murray had written Secretary Marshall last month praising American steps to end what the labor official called Dutch "aggression" in the East Indies.

Lovett declared that peace in the strife-torn Asiatic Islands will be impossible "unless the trust and cooperation of the Indonesian people, including the Republican elements which have been in the van of the nationalist government, are enlisted."

Take Definite Steps

Therefore, he said, the United States hopes that the Netherlands government will "make concrete demonstration of its intention to satisfy the legitimate aspirations of the Indonesians for self rule and to organize an Indonesian government in which all parties may seek and obtain representation in accordance with their popular followings, through the exercise of free, democratic processes."

While Lovett defined the American position in general terms in his letter to Murray, officials at the state department said that the same views had been forcefully expressed to the Netherlands government directly.

U.S. Wants Action

What the United States wants, these informants said, is action along three main lines to bring about conditions in which it will be possible to resume negotiations for Indonesian independence. These are:

1. An immediate and completely effective cease-fire order to all Dutch troops.
2. Unconditional release of all leaders of the Indonesian Republic.
3. Withdrawal of Netherlands troops from territory occupied since the Dutch started their "police action" against the Indonesians December 18.

Lovett told Murray that one of the main interests of the United States in seeking to aid the Indonesian Republic lies in the non-communist character of that native movement. He said the Republican government had "resolutely taken action against and eliminated a communist revolt against its authority engineered by Moscow-trained and disciplined communist agents."

Lovett's letter was released by the CIO and copies later were made available at the state department.

Request Sentence Change For 12 War Criminals

Washington, Jan. 6—(AP)—An investigating commission has recommended commutation of the death sentences given 12 members of a Nazi force which massacred American soldiers near Malmedy, Belgium. The recommendation for life imprisonment instead of death, came from a commission appointed by Army Secretary Royall. It was made public today. Heading the commission was Justice Gordon Simpson of the Texas Supreme Court. The inquiry was started last summer.

The commission also recommended commutation in 17 other cases of German soldiers in individual instances where American fliers or soldiers were slain.

The trial court originally sentenced 43 men to death for the Malmedy massacre. General Lucius D. Clay, American military governor in Germany, commuted the sentences of all but the 12 subsequently considered by the investigating commission.

35,000 WILL TAKE PART IN WAR GAMES

Washington, Jan. 6—(AP)—A hundred fighting ships and 35,000 soldiers, sailors and marines will take part in huge war games in the Caribbean and western Atlantic, starting next month.

The navy announced tonight that the maneuvers will be held from February 14 to April 1. Navy men said these would be the biggest war games ever held in the Caribbean area.

Britain Charges Jews Hold Parts Of Egypt

London, Jan. 6—(AP)—Israeli troops have established a fortified stronghold five miles inside Egypt, a British foreign office spokesman charged tonight. The obvious deduction, the informant added, is that "the Jews intend to stay inside Egyptian territory."

(The acting U. N. mediator, Dr. Ralph Bunche, announced at Lake Success that Egypt has agreed for the first time to direct negotiations with Israel for an armistice in Palestine. In Tel Aviv, an Israeli army spokesman said the Jewish state has agreed to an immediate cease-fire. "Bunche set the cease-fire deadline for noon GMT. (6 a.m. CST) tomorrow. He previously had made the deadline 2 p.m. GMT. (8 a.m. CST) today, but said the time had to be put ahead because of "unfortunate communications delays.")

Dispatches from Tel Aviv said the first deadline passed without fighting still going on, but that it was expected the order would be heeded momentarily. The blame was placed on a communications snarl which prevented Tel Aviv from receiving a reply from Egypt.)

Meanwhile, sources in Tel Aviv declared Israeli units had intercepted

Bullitt Reports China Needs U.S. Aid To Beat Reds

Washington, Jan. 6—(AP)—William C. Bullitt reported to congress today that Nationalist China's forces will require "American direction and control, exercised by a fighting general" to defeat the Communists.

He said "it is very late" but "not yet too late" to save China from the Communists.

Bullitt, a former U. S. diplomat, made his report to the joint Senate-House committee on foreign economic cooperation. The group sent him to the Far East as a special representative last November.

After reporting to the committee at a closed door session, Bullitt told reporters he thought an American general with a staff of 600 officers should be sent to China. He said: "I believe General MacArthur could do the job in less time than any other general."

Chairman Bridges (R-NH) told a news conference that Bullitt was sent to China to ascertain the latest economic and military conditions and the "necessity for further American help."

Say Proposed Gas Tax Boost Should Be Left To Voters

Springfield, Ill., Jan. 6—(AP)—A taxpayers group said today any proposed increase in the state's three-cents a gallon gasoline tax should be submitted to Illinois voters for approval.

The taxpayers' federation of Illinois, a statewide non-profit group for tax control, also suggested that road district survey committees be organized to study road problems in each county.

The federation said if the legislature should enact a gasoline tax increase, the proposal should be submitted to the voters at a general election for approval or rejection.

Its suggestions were made to the Illinois highway traffic and problems commission which heard opinions of various groups on the report of Griffithen Associates, consulting engineers. The commission is mapping a long range road program for Illinois.

In a study of the state's road setup, the engineers recommended that the gasoline tax be raised to five cents and supervision of township roads be placed under county highway superintendents.

Storms Cause Great Loss Of Lives, Property In U.S.

By the Associated Press
Damage from winter storms and frigid temperatures mounted into the millions in the west Thursday and flood waters continued to imperil lives and property in four southern states.

In the rocky mountain areas of Colorado and Wyoming rescue crews pushed their way through huge snowdrifts to bring out an estimated 6,000 persons marooned since Sunday by one of the west's most severe blizzards.

Southern California, suffering its worst freeze since 1937, began thawing out. Growers of citrus fruits, vegetables and flowers estimated damage from the cold would run to more than \$60,000,000. Stories of intense suffering were told by many victims caught in the Colorado-Wyoming blizzard as they were rescued from stalled passenger cars, busses, road side villages and isolated farm houses. A special rescue train brought about 400 storm victims to Denver, including two expectant mothers in serious condition.

The blizzard's death toll in Colorado, Wyoming and Nebraska, mounted to 11 yesterday when a mother and her two small children were found frozen in a stalled car near the Colorado-Wyoming state line. The woman's husband was alive but his feet were frozen and physicians said gangrene had set in.

Oak Ridge Atomic Energy Plant Will Expand Program

Oak Ridge, Tenn., Jan. 6—(AP)—The Atomic Energy commission tonight announced a \$70,000,000 expansion program soon will be launched at the atomic energy plant here.

Chairman David E. Lilienthal said work on a new uranium production plant will get underway in about six months. When completed in two years he said, it would add "very substantially" to the nation's output of the basic elements of the atomic bomb and other weapons.

Lilienthal told Oak Ridge residents in a public address that the new addition, plus others already underway, "serve to emphasize" that the war-born city "is now the world's capital in the peacetime uses of atomic energy."

The AEC chairman did not elaborate on the major purposes of the new uranium plant other than to say it would bolster the nation's security.

At the same time he stressed the expanding peaceful uses of Oak Ridge products such as radiostopes—energy-producing materials which are used in medical and scientific research.

Drive To Repeal Taft-Hartley Law Picks Up Steam

Washington, Jan. 6—(AP)—The administration drive to get rid of the Taft-Hartley law picked up a little steam in congress today. Senator Elbert Thomas (D-Utah) introduced a bill to repeal it and restore the Wagner Act.

Thomas is chairman of the Senate Labor committee and will lead the fight in the senate to carry out President Truman's labor program. Offering the repeal bill is just the start of that fight. It is expected to last weeks, maybe months.

In his State of the Union message, Mr. Truman called for repeal, reinstatement of the old Wagner Act, and "certain improvements" in the latter measure.

The changes Mr. Truman wants are the same he sought two years ago. Then, and again yesterday, he asked for a ban on jurisdictional strikes and some secondary boycotts; prevention of economic force existing contracts; prevention of strikes in vital industries where the public interest is affected; and a stronger labor department.

Thomas also introduced a bill to boost the present minimum wage of 40 cents an hour to 75 cents. Mr. Truman asked for that, too. Thomas told the senate his bill provides for repeal of the Taft-Hartley features of the National Labor Relations Act. He was talking about the Wagner Act, which was amended and enlarged in 1947 and became the Taft-Hartley law.

Report One Third Of People Have Hospital Insurance

New York, Jan. 6—(AP)—More than one-third of the American people now have voluntary hospital insurance, says the Life Insurance Association of America.

One sixth have surgical operation insurance. About one-fifth belong to medical care organizations. The figures are: hospital insurance, \$2,000,000; surgical, 26,000,000; medical, 9,000,000.

In addition, says the report, 31,000,000 have disability benefit insurance, the kind sold by the insurance companies.

Demos Rush To Fulfill 'Truman Deal' Program

Reds Answer Chiang By Renewing Attack

Nanking, Jan. 6—(AP)—Chinese peace bid was an attempt to "pre-empt" Communists' appearance today to serve the Kuomintang government replying to Chiang Kai-Shek's peace party reactionaries and to "pre-empt" with thunderous artillery fire, serve the freedom of oppression and exploitation of China.

Nanking observers said Chiang's message appeared to have generated such a nation-wide demand for peace that the government would have to take definite action before long.

The courses open seem to be the same as those prevailing before the offer to negotiate was made—Chiang to retire and let someone else try to deal with the Reds, a retreat to the south or an attempt to stand on the Yangtze in the heart of China. The latter seemed unlikely. It was reported reliably that two shiploads of war supplies from the south, intended for the defense of Nanking and Shanghai, were diverted to Formosa. Formosa is a possible government refuge.

The Suchow garrison originally was said to number 250,000 men, but there was one report that it may have lost 100,000 men.

Gen. Sun Yuan Liang, who commanded the army group, reportedly escaped to Hankow. The independent newspaper, Peoples Daily, quoted him as saying the force had been cut to 150,000 to 200,000. He said the men had eaten all the horses and hundreds were deserting.

Meanwhile, Information Director Shen Chang-Huan told reporters that Chinese Communist radio attacks on President Chiang's peace proposal were no reply "either formal or informal."

The Communist radio returned to the attack again today. A broadcast heard in Nanking said Chiang's

Military Planes Seized By U.S.

Newark, N. J., Jan. 6—(AP)—The U. S. government today seized a cargo of five military planes which it listed as an illegal arms shipment believed bound for Egypt.

Assistant U. S. Attorney Roger M. Yancey said the declaration on the planes showed them bound for "Djibuti, Abyssinia," but that the government believed they would be diverted to Egypt without State Department authorization.

Djibuti actually is the capital of French Somaliland and not in Abyssinia as listed in the shipping declaration. Yancey said the five planes, valued by the army at a total of \$250,000, were taken on the dock at Port Newark. Customs officials prevented the loading of the planes aboard the Egyptian passenger ship the Mohammed Ali El Kabir just before it sailed last week, Yancey said.

The seizure was completed in federal court this afternoon on an order from Judge Thomas F. Meaney which granted the government custody of the five planes until an owner can establish legal claim and show the seizure to be unjustified.

Stripling Resigns As Investigator For House Probers

Washington, Jan. 6—(AP)—Robert E. Stripling has resigned formally as chief investigator of the House un-American activities committee.

The 36-year-old Texan has played a major part in spectacular committee investigations into Red operations, spying, and Communist activity in Hollywood. Now he plans to return to Texas, take a "long rest," and then "accept a position offered me in the oil industry."

The resignation was effective last Monday, when the 80th Congress went out of business. But Stripling has stayed on to help get out a final report on what the committee has done in the last two years.

The report, he told reporters, goes to committee members tomorrow for their approval and probably will be made public next week.

Who will become the new chief investigator for the committee hasn't been decided yet. That will be up to the members, and it isn't sure who all of them will be.

Says Politburo Is Worse Than Hitler

New York, Jan. 6—(AP)—Economic cooperation administrator Paul G. Hoffman said today "Hitler was a baby" compared with the Russian politburo.

Goal of the politburo, top Soviet policy-making body, is to "take over the world," Hoffman said at a news conference. "If it were not for the Marshall plan," he said, "there is danger that they would have Europe by now. Hitler was a baby compared with this gang. He was talking and they are acting."

See Debates With GOP At Every Corner

Washington, Jan. 6—(AP) Democratic leaders in Congress began to jam the legislative hoppers today with bills to carry out President Truman's "Fair Deal" program, but fights were brewing in every corner.

Republican cries of "Socialism" and "bankruptcy" still echoed on Capitol Hill as the lawmakers awaited a new set of blueprints from the White House tomorrow: the president's annual economic message.

Mr. Truman is not expected to deliver the report in person—as he did his controversial tax-welfare-labor program yesterday—since it customarily runs to great length. The message is based on recommendations from the president's economic advisory council, headed by Dr. Edwin G. Nourse.

Meanwhile, administration Democrats hastened to write Mr. Truman's sweeping proposals into bill form, hoping to capitalize on the "first 100 days" of comparative harmony they expect in the new Democratic-controlled 81st Congress.

Democratic chiefs hoped to whip the president's many legislative proposals into shape before the Republicans, thrust back into their old minority role after two years in the saddle, could rally and perhaps form a powerful coalition with anti-administration southern Democrats.

As Senator Lucas (D-Ill) phrased it, leaders will "proceed with all convenient speed." Already blocked out for action or Mr. Truman's program were bills for pre-paid medical care, housing repeal of the Taft-Hartley act, increased minimum wages, social security expansion, and a measure which might put the government into the steel business.

Bills on these matters were either introduced, ready for committee hearings, or being written.

Cool On Tax Boost

Somewhat less urgency, if not actual coolness, was displayed toward major proposals by the president: notably his call for a \$4,000,000,000 tax boost, civil rights laws, universal military training, federal aid to education, and standby price-wage controls.

Republican leaders were reported working on statistics to show that if Mr. Truman's entire social program is enacted, it would jeopardize if not bankrupt the national economy.

Senator Holland (D-Fla) told a reporter that proper presentation of the president's program to congress will result in a "long honeymoon," but even as he spoke, signs of discord were cropping up in Senate and House corridors.

Southern Democrats openly flung down the gauntlet heralding a bitter all-out fight against the Truman civil rights program—anti-lynch, poll tax repeal and fair employment practices legislation.

Will Fight Filibuster Ban

Senators Ellender (D-La) and Hill (D-Ala) served notice they still combat any move to kill the Senate filibuster—the weapon used by Dixie lawmakers to fight civil rights proposals—and other southerners were prepared to back them to the hilt.

Hill said he could go along on most of Mr. Truman's proposals "but I can't go along with him on the civil rights issue."

Senator Elbert Thomas (D-Utah), chairman of the Senate labor committee, led off the Senate attack on the Taft-Hartley law, introducing a repealer bill and proposing restoration of the old Wagner Labor Relations Act.

Cow Swims Ocean To Avoid Capture

Whitby, England, Jan. 6—(AP)—Notice to shipping: That thing with horns isn't a sea serpent. It's that hairy heifer of Alan Knaggs.

She got away while Knaggs was delivering her to a buyer the night before last.

He found her the next morning, grazing on top of a 200-foot cliff. Knaggs chased her and she jumped off.

He went down to salvage the beef for the butcher, but the heifer got to its feet, galloped for the ocean and plunged in.

She was last seen half a mile out and going strong.

PHARMACOLOGIST PERFECTS AN AMAZING FORMULA FOR SICK PEOPLE Works Quickly to Overcome Conditions Which May Have Been Causing Untold Misery Over a Long Period of Time

Man's greatest blessings have come as a result of painstaking research. For years researchers have been finding new alleviation for the ills of mankind; new hope for the miserable.

Pasteur, Koch, Lister, Madam Curie and many other great medical minds, since the time of Hippocrates, "Father of Medicine," have contributed their share to science, that we may live longer and in greater comfort. Since the time that medical history was first recorded, research has discovered new diseases and the way to control them.

Pharmacologist has now perfected an amazing formula for sick people which contains 26 ingredients—mostly herbs, roots and other plant growths of mother nature. This medicine, called Rentox, gives you the needed ingredients to help tone up your system; eliminate poisonous waste matter; broken rest from having to get up frequently at night is lessened. Dizziness and run-down feeling is overcome quickly. Rentox can be taken by every member of the family. It contains no narcotics, opiates or calmed and will not make you sick or nauseate you in the slightest degree. You can now get Rentox from all well stocked druggists in Illinois in 8 ounce bottles.

**SGT. LEGREE USES BARITONE VOICE
TO SAVE FLINT KIDS FROM ACCIDENT**

Sergeant Wilburn Legree: His ticket is a traffic song.

By NEA Service

Flint, Mich. —(NEA)—Sergeant Wilburn Legree probably is the only police officer who gets paid by a city for writing and presenting a weekly singing radio program. And his admirers think that Sergeant Legree is the only radio singer who can prove that his voice has saved many lives over a period of years.

Legree is Flint's "Singing Cop." For more than 300 weeks without a break, beginning in March, 1943, he has broadcast a safety program of songs and stories, has appeared at schools, has organized and supervised a safety patrol bigger than the police forces of many much larger cities.

He has made song the blood and sinew of an intensive campaign that has saved dozens of child lives and made Flint one of the safest cities in the country.

In 1938 Legree had been on the Flint police force for two years when the city woke up to the fact that from five to 11 boys and girls were being killed needlessly every year on the streets. Legree was handed the assignment of teaching Flint's 30,000 youngsters to keep out of the way of automobiles.

In his spare time Legree had been studying singing seriously. He had been baritone soloist with the local symphony and before music and civic clubs throughout Michigan. He decided to make himself the singing cop.

At first he just revised a few popular songs to include the idea of safety. Then he began writing his own. By October, 1939, he had sold the idea so thoroughly that the Flint school system adopted music as its medium for teaching safety.

The kids ate it up. They began to look forward to visits from the smiling cop who sang to them and with them. It wasn't long before children on the street corners were singing such songs as:

Stop! Wait. A car's in the street.
 Don't you see it coming?
 Hear the motor humming?
 Stop! Wait. And take your time.

Help to save a life today.
 Try it—to the tune of "The Gang's All Here." You'll see why Legree's songs catch on.

In 1943 he began broadcasting every Tuesday evening over a local station—songs, advice, dramatized stories about youngsters who were killed or injured because they didn't observe the safety rules.

He conducts safety assemblies before junior safety councils, Girl and Boy Scout troops, special bicycle safety groups; he has programs before adult P. T. A., luncheon, civic and other groups; he takes youngsters on educational tours through the Police Department.

He has built up an organization of 600 safety patrol boys and has 56 school traffic officers working for him.

The results? Of 400 cities reporting to the National Safety Council, in 1945 Flint tied with Detroit for second safest in the country. In 1947 Flint's second place position was clean cut, without a tie. When 1948 figures are compiled, Sergeant Legree hopes he and the kids will have sung Flint into first place.

The Bureau of Agricultural Economics reported that a sample survey showed five persons reported injured during the first four months of 1948 for every 100 farms.

White Hall Couple Pronounce Vows In Home Ceremony

White Hall—In a pretty candle-light service Saturday afternoon at 3 o'clock, Miss Doris Dawson became the bride of Robyn Strang. The Rev. P. G. Batty performed the double ceremony at the home of the bridegroom's parents in the presence of a number of relatives and friends.

The ceremony was recorded in music played in the charge of Philip Strang, brother of the groom. Mrs. Frances Kniffen, sister of the bride, served as candlelighter.

The couple was attended by Mrs. C. S. Bell of Kansas City, sister of the bride, and Kent Strang brother of the groom.

The bride was attired in a dark blue taffeta street-length dress with

which she wore blue accessories. She carried a bridal bouquet of white roses centered with white gardenias. Her attendant wore a blue suit with white accessories and her bouquet was of red roses.

Following the wedding a reception was held, after which the couple left for a month's trip through the Southern states.

The bride is the daughter of Mr. and Mrs. Claude Dawson of White Hall. She is a graduate of the local high school with the class of 1945 and of St. Luke's School of Nursing, St. Luke's hospital, Kansas City. Her husband, the son of Mr. and Mrs. Fred Strang of White Hall vicinity, is also a graduate of the White Hall high school, class of 1945.

They will reside on a farm north of Manchester.

Ethiopia Levies Road Tax

Addis Ababa, Ethiopia.—(AP)—Under an Imperial Proclamation just published in the Official Gazette, a road tax will henceforth be levied on users of Ethiopian roads travelling by automobiles, either on pleasure or business.

The new highway toll, known as the "Road Tax Proclamation of 1948," is claimed to be necessary for "better maintenance of those roads that contribute toward the productivity of the land and the benefit of the population."

Toll must henceforth be paid for each 100 kilometers or less of road travelled. Passenger automobiles, with or without passengers, will pay the minimum rate of 25 cents for each 100 kilometers or less.

New toll gates are expected to make their appearance on the highways soon.

In April, 1947, two-thirds of U. S. farm houses still had no running water.

Recipe:

TO COOK SMOKED BEEF TONGUE

Place tongue in large kettle. Cover with warm water. Bring to boiling point. Reduce heat and cook slowly according to weight until tender.

COOKING SCHEDULE

Weight	Cooking Time
2 to 3 pounds	2 1/2 to 3 1/2 hours
3 to 4 pounds	3 1/2 to 4 hours
4 to 5 pounds	4 to 5 hours

When cool enough to handle, peel off the skin, slice and serve plain or with sauce. A 3 1/2 to 4 pound tongue will give approximately 30 slices 1/2-inch thick. Put the leftover beef tongue in the refrigerator, and serve at another meal as a delicious cold plate.

Do You Really Want to Take Off That Ugly Fat?

Recently there have been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Illinois drugstore for four ounces of Renel. Mix with 12 ounces of grapefruit juice and take two tablespoonfuls twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves.

Renel is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Renel.

Woman's Club To Hear Talk On "Democracy"

Sarah Miller Barr, acclaimed as one of the leading women lecturers of the day, will address members of the Jacksonville Woman's club at their January meeting, to be held in the banquet room of the Dunlap hotel at 2:30 p. m. on Saturday, Jan. 15, one week later than the date originally set for the meeting.

Mrs. Barr, who has appeared before audiences in every part of the country, will speak on "Democracy Begins With You." She is known as a woman of keen intellect and rare charm, her versatility springing from her wide experience in industry, business, education and community organizations.

After receiving her B.S. degree from Northwestern University, Mrs. Barr was made assistant director of that school's personnel staff. She received her master's degree in personnel from Columbia university, after which she accepted a teaching position at the University of Pittsburgh.

Drafted by U.S.O.

At the beginning of the war, she was drafted by the National U.S.O. to recruit leadership from all parts of the country. Her part of this task successfully completed, she was one of the few women in Chicago to be engaged as a personnel director for a large munitions plant. At this time, she also taught at the Illinois Institute of Technology, training the women supervisors required for war production. She then returned to the field of education.

Her address will be preceded by a musical program, featuring Carmen Covey at the piano and Charles Covey on the violin. Mrs. F. F. McCarthy is chairman of the day.

There will be a meeting of the executive board in the Farmer's Bank Building at 9:45 a. m. Tuesday. All committee chairmen and officers of the club are urged to be present. Important business will be discussed.

Base Jobless Pay On 1947 Earnings Until March 31

Unemployment benefits will continue to be based on 1947 earnings until the close of the current benefit year on March 31, Deputy William Tattersall, in charge of the State Unemployment Compensation Office at 211 East Morgan street, announced Thursday.

"Under Illinois law, a new benefit year begins on April 1 of each calendar year and ends on March 31 of the following year," Deputy Tattersall pointed out. "This allows employers the whole month of January in which to report wages paid in the fourth quarter of the old calendar year, after which the Division requires 60 days to consolidate the entire 1948 wage records of some 3,500,000 insured Illinois workers. Therefore, benefits paid to unemployed workers during the first three months of 1949 must continue to be based on 1947 earnings. On April 1, 1949, the new benefit year will begin, during which benefits will be paid on the basis of 1948 wages."

Wage Credits Expire

"Wage credits applicable to a given benefit year automatically expire with the close of that benefit year," Tattersall continued. "Suppose, for instance, John Doe earned enough wages in 1947 to qualify for maximum benefits of \$20 a week for 26 weeks, and is insured against involuntary unemployment during the current benefit year which ends March 31, 1949. On March 1, he is laid off and draws benefits until March 31. On that date, his 1947 wage credits expire and, with the beginning of the new benefit year on April 1, he must file a new claim based on his 1948 earnings."

In addition to having the required wage credits, a claimant for unemployment benefits must be registered for work with Illinois State Employment Service, be able to work full time in regular employment and show that he has been seeking work by his own voluntary efforts. Also, he must be available to accept any offer of suitable employment.

British Attack Reds Through Squatters

Kuala Lumpur, Federation of Malaya.—The British Government in Malaya is training its sights on several hundred thousand landless Chinese "squatters" in the latest phase of its war on Communist insurgents in the Malayan peninsula.

The squatters are Chinese peasants—prewar rubber tappers and coolies—who during the Japanese occupation took over small plots of unoccupied land in the Malayan jungle, on the fringe of rubber estates or on government forestry lands. Here they grow small crops of rice and other foods.

The government says the squatters feed and shelter the Chinese Communist insurgents who since May have been trying to overthrow British control of the peninsula. Many a Chinese, say police and military officials, is a squatter by day, an insurgent by night. Most squatters, these sources continue, aid the Communists because they're afraid not to.

Action against the squatters takes this form: Troops and police move into a squatter area where insur-

gents have been active. Each family is told they're being moved out and given a short time to gather up one load of household belongings.

Then the family is checked by police, to see if they include any known Communists or other wanted persons. These are arrested. The others are taken to a collection center. Meanwhile the military burns down their huts and what possessions they couldn't take with them.

At the collection center the displaced Chinese has two choices. He can set up a new home on two acres of government-provided farm land where he will be under police or military surveillance. There he will get free food for six months while he gets his own crop growing. Or he can be repatriated back to China.

The number of U. S. farm houses with modern bathrooms more than doubled between 1940 and 1947.

Dosh, Chambersburg Quints Cop Victories In Chapin Grade Meet

Meredosa and Chambersburg coped with the Our Saviour's and Chapin quint in the annual PMSC tournament semi-finals at Chapin last night.

In the curtain-raiser, Meredosa swept to a 42 to 23 victory over the local Our Saviour's five. The Jacksonville crew tallied only 1 point in the initial quarter to fall behind 6-1 in the second canto. Costello began hitting for the locals in the second period, but Perry Meredosa forward, matched him baskets throughout the remainder of the contest to lead his team to victory. Yeakel, c. 5 3 Perry was high for the winners Ryle, c. 1 0 with 18 tallies, while Costello tallied 16 for Our Saviour's.

Chambersburg Beats Chapin
In the second contest, Chambersburg won the right to meet Meredosa in the finals Saturday night as they edged the host club, Chapin, in a thrilling 31-30 battle.
The Chapin graders fell behind in the initial frame, and trailed throughout the first three quarters. Behind 27-19 going into the last period, the hosts put on a drive for victory that almost succeeded in knocking Chambersburg off their feet, only to fall short by one point as the game ended.

Big Nine Cage Race Opens In Earnest Saturday

Chicago, Jan. 6.—(P)—The Big Nine basketball race swings into full stride Saturday with the clash between defending champion Michigan and undefeated Minnesota featuring a four-till program.

The title-holding Wolverines, nipped by Stanford, 53-51, for their only setback in eight pre-championship games, tackle the slick Gophers at Minneapolis in the conference debut for both.

Illinois, which last Monday opened the league chase with a 62-50 home triumph over Wisconsin, invades Indiana. The Hoosiers make their 7 league debut with an 8-1 non-loop record.

The two other games in which all four participants will be launching conference play include Northwestern (2-5) at Ohio State (5-1), and Purdue (6-3) at Iowa (7-1). Wisconsin (5-4) entertains Creighton in a 1 non-league joust.

Minnesota, winner of eight straight games, appears primed for a sparkling campaign under new Coach Ozzie Cowles, who transferred from Michigan after giving the Wolverines the 1947-48 title.

By John Campbell
Al Lee, former Ivy coach at Greenfield for two years and at present assistant coach at Carlinville high, will leave the Macoupin County seat job at the end of the first semester to take the coaching position at St. Benedict College, Atkinson, Kan.

Walter Winter and George Watkins, former stars at Pittsfield high in all sports, and members of the Pike County team two years ago in the finals of Jacksonville holiday tourney, witnessed this years tourney at the I.S.D. gym.

Ken Cory, Carrollton high scoring forward last season, a member of a team that won the County, Ivy and Regional titles, is among the first 15 candidates at Illinois State Normal squad this season.

Coach Merle Crosby of Robinson high said he thinks the Quincy High Blue Devils are the strongest Gem City team in years, as they won over a strong Salem five in the Centralia tourney last week.

Greg Sloan, Ivy mentor at Pittsfield before moving to LaGrange at the close of the 1943 season, took his LaGrange team to the Pontiac tourney for the first time and carried home the title by beating Chenoa in the finals. Sloan's five captured fourth place at the State tourney last March.

Jacksonville's Crimsons will be playing on a brand new floor at the Beardstown gym next Friday night in the Central conference engagement. The Kraushaar five will be out to bring home the bacon as they have a good chance in the Central loop as they won over a good Feitschans five this season and lost to Lanphier by four points.

Coach Wilson's I.S.D. five entertained Chapin Friday night at the Illinois School for Deaf gym in a PMBC conference game. The Tigers play at New Berlin next Tuesday, Jan. 11 and the next night they play in the Louisiana, Mo. tourney.

Rockets, Crimsons Play Out Of Town, Tigers Here Tonight

All three local prep basketball teams will be in action tonight, when Jacksonville high entrains for Beardstown, Routt goes to Franklin, and ISD elects to stay home and play host to Chapin in a PMBC conference meet.

The Kraushaars have copped 5 wins while dropping 6 games to hardwired opponents to date. Their last three starts have culminated in losses. They slipped before the Pawnee cagers in the finals of the local holiday meet, and then journeyed to Quincy the same week, where they lost to strong Rock Island and Quincy fives.

Nick Carter's lads from the river town will be fighting to re-gain the striped jug from the local hoopers. The Jacks copped the jug last year with a win over the Beardstown cagers and kept it this Fall by virtue of a tie on the gridiron with the Cass county footballers.

Pittsfield Dropped Beardstown
The Carter coached lads dropped their season's opener to the high-rolling Pittsfield aggregation by a 43 to 40 margin, but in their last two encounters they have taken meles from Carthage and Havana fives to prove themselves tough cookies on the pine.

Kraushaar, experimenting with a new line-up, will probably switch Stan Spotts to a forward with Rolyn Trotter pairing off with him at the other position. Jack Chapman or Dick Gotschall will jump center, with Gerald Busey and Bill Williams bringing the ball down the court.

Rockets Journey To Franklin
Paul Stroud's Rockets from the east side of town, fresh from a 44 to 40 win over Mt. Sterling Tuesday evening, will journey to Franklin

tonight. The Routt five owns the best record of any cage team in the city. They are currently holding a 5-2 count, losing their pair of contests to ISD by a one-point margin, and dropping a contest to Pittsfield in the past Jacksonville tourney.

The Franklin quint's most impressive win this season was a 32-31 setback handed Spike Wilson's Tiger cagers in their season's opener this year. Since then, they have fallen victims to Chapin, who Routt trounced soundly in a PMBC match recently.

Stroud will definitely start Paul Kennedy and Vernon Tighe at the forwards, Paul Saner at the pivot post with A. J. Spreen and Joe Murphy taking the floor at the guard positions for the tip-off.

ISD Plays Here Tonight
Jacksonville fans are not forgotten in the basketball picture tonight, however. The ISD basketballers will open their post-Christmas schedule when they tangle with Paul Blakeman's Chapin aggregation on the westend boards tonight. The Wilsonmen have enjoyed a better than even season to date. They are the owners of a 4-3 record. They dropped their last fray to Macomb the 13th of December by a 56 to 49 tally.

Coach Wilson will start his same line-up consisting of Leo Cecil and Alta Hood at the forwards, Hoffman at center, Billy Yates and Stanley Kwiat in the guard posts.

Paul Blakeman's Chapin PMBC entry has had a little tough luck this winter, dropping 7 contests while winning 2. They whipped Franklin and Bluffs quint in the 2 victories on their chart. The preliminary will start at 7 p.m., and the main event is slated for 8:15 p.m.

Wesleyan Cagers Top Blueboys By 76 To 59 Tally At Bloomington

The Illinois college Blueboy five's invasion of Wesleyan was repulsed last night when they were pushed back by a 76 to 59 tally in a Central Conference cage contest.

The fracas was much closer than the score indicates. The local quint jumped into a 19 to 7 lead, as Bill Shouse poured through 16 points before the intermission. The Blueboys fought for the rebounds and were controlling both boards throughout the initial period. Murrin, Longer and Groes, big front line hilltop cagers, took practically every ball off the wood for the Millerens, and the Blueboys clung to a 23-30 lead at halftime.

Hosts Strong In Second Half
Setting a terrific pace after the intermission, the hosts tied the count with 4 minutes remaining in the contest, and maintained their momentum in the waning seconds to push into a 76-59 lead and win the contest going away.

Al Miller, IC mentor, saw three of his men, Longer, Murrin and Grove, leave the contest via the foul route. Bob Grove, a doubtful starter in last night's game because of a foot injury, was the first to leave the game, but not before he had hit 7 fielders for a 14 point total, while Don Longer and Bob Murrin followed later in the contest.

Bill Shouse was the top gunner for the locals, hitting for 20 counters, and Nieman, Wesleyan forward, contributed 23 points to the winners' total.

IC Plays Here Saturday
The IC quint can be seen in action here Saturday night when they entertain the Quincy college raiders in a game slated to start at 8 p.m. The teams have met twice previously this season, and have split evenly, winning one each.

GRAINS DRIFT ALONG QUIETLY; CHANGES IN PRICES FRACTIONAL
Chicago, Jan. 6.—(P)—Grains drifted along in a quiet trade today. Price changes were for the most part fractional, although soybeans dropped around 2 cents at times.

Trade reports the Army wanted offers on 11,000,000 pounds of cash lard by Monday bolstered that commodity for a time. But late in the day prices turned lower. General business in all fats and oils had a depressing influence on both soybeans and lard, traders said.

Activity in wheat, corn and oats was limited to local traders and small lot orders coming from commission houses. Dealers said there appeared to be little commercial interest in the day's market.

Receipts were: wheat 1 car, corn 98, oats 43, soybeans 6.
Wheat closed 1/2 lower to 1 1/2 higher, May \$2.27-2.27 1/2, corn was 1/2 lower to 1 1/2 higher, May \$1.49-1.49 1/2. Oats were unchanged to 1/2 higher, May 78 1/2-1.80-2.20 lbs 21.50-22.00; top sparsely 22.25; 230-270 lbs 20.25-21.25; 270-325 lbs 19.25-20.50; 140-170 lbs 20.75-21.50; few 21.75; 100-130 lbs 18.50-20.50; sows 400 lbs down 16.50-17.50; over 400 lbs 14.75-15.75; stags 12.00-14.00.

NCAA President Reports 'Sanity Code' Progressing

San Francisco, Jan. 6.—(P)—Dr. Karl E. Lieb, president of the National Collegiate Athletic association, declared today the so-called "sanity code" to clean up proselytizing and other evils was making definite progress.

Dr. Lieb, professor at the University of Iowa, spoke at the San Francisco Press club. He said there are still many violations of this code, which was adopted a year ago, but maintained a steady decrease had been noted.

"We still have a long way to go toward reaching our ultimate aim, which is complete elimination of recruiting of football, basketball and other athletes," he said.

Earlier, members of the NCAA executive committee selected New York city for next year's convention, to be held Jan. 12, 13 and 14.

Today's meeting was the first one this week Dr. Lieb had been able to muster a quorum to conduct official business. Some of the members had been snowbound in Nebraska.

Waukegan Faces Paris, Evanston In Top Cage Games

Springfield, Ill., Jan. 6.—(P)—Unstoppable Evanston and once beaten Paris tackle Waukegan's strong Bulldogs in a pair of standout games on the downtown prep basketball card this weekend.

It would be a real feather in Waukegan's cap to flag down these fast stepping outfits and bolster its record of six victories in seven starts.

Evanston's rangy crew, Friday's foe, has bowled over eight opponents. Evanston was ranked No. 8 in the second Associated Press poll of sports writers to gauge state title prospects. The veteran Paris team was tabbed No. 5.

A northwest headliner sends Moline's No. 7 rated Maroons against Rock Island on Friday in a bid for their eighth win in nine games. Rock Island faltered after stacking up victories in its first four tilts but may hit its stride again. Moline travels to Ottumwa, Ia., on Saturday.

In the same area, Galesburg figures to have its hands full Friday with Monmouth's Zippers whose only reverses were by narrow margins to Moline and East Moline. If they clear this hurdle, the 14th ranked Galesburg club should fatten its average at Canton Saturday to eight wins compared with a single loss.

Pro Grid Fight Far From Settled
Durham, N. C., Jan. 6.—(P)—The fight between the National and American football leagues apparently is far from settled.

In fact, their rush to sign college footballers throughout the country is getting slightly terrific.

Today, Bob Duncan, Duke senior from Asheville, N. C., got an offer from one of the pro teams. The letter he received began: "We have been following you for the past several years and your work has been outstanding" etc., etc., etc.

Who is Duncan? Why, he was student manager of the Duke university football team during the past season.

Host Quint Upsets Favored Athens Five In Virginia Tourney

The Virginia quint won the right to play for the championship in their own tournament by mumping off the favored Athens crew 51 to 45 in the semi-finals last night. Chambersburg, the other favorite, continued to win as they set-back Chandlerville by a 50 to 44 count in the other semi-final event.

The fighting host club caught the highly-touted Athens aggregation off guard at the opening gun, and with Walrich, Walton and Rogers all putting the hoop at a steady rate pulled into a 16 to 10 lead at the end of the first canto.

The McVeay coached lads continued to pile up a lead in the second frame and held a 32 to 16 advantage at halftime. After the intermission, Athens came out strong, scoring 10 points in the third quarter, and adding 19 more to their total in the last, but the Cass county outfit fought off their belated bid for victory and took the contest by a comfortable 51 to 45 margin.

In the second semi-final contest, Chambersburg, rated number 2 in the tourney, jumped into an 11 to 5 lead over Chandlerville eight minutes after the fray got underway. However, the Comets fought back and tied the count 17-17 at the 10 minute break, and continued their drive in the third canto to go into a 2 point lead.

With 2 minutes to go in the melee, the score was tied at 40-40. Jackson big Chambersburg guard, flipped in 3 quick fielders while H. Ham and Browning contributed 1 apiece to give the Chambersburg quint the nod as the horn sounded ending the game.

Beware of Romance
By Roberta Courtland
Copyright by Grosvenor Publishing Co.— Distributed by NEA SERVICE, INC.

THE STORY: When sixteen-year-old Merry Canyon learns that her dashing father, Kin, has asked her selfish mother, Susan, for a divorce, her whole world turns topsy-turvy. Kin leaves home and Susan goes to pieces. Aunt Jane comes to look after things. The doctor advises a change for Susan and they take her to St. Vincent's, an island resort. Here Susan buys a house from Carter Bagby. Carter treats her gallantly and Susan begins to perk up. Merry goes to spend a couple of days with her father in their home town. She sees Tip Kennedy again but tells him she still doesn't believe in marriage, after what happened to her parents. Merry's father says he has decided the Marshallville house to her. She returns to St. Vincent's. In August she and her mother see the announcement of her father's second marriage in the paper.

TWO weeks later, when most of the crowd were gone, Merry came home from a bicycle trip to the library and entered the house, her arms filled with books, whistling cheerfully. From the big living room, Susan called to her; and there was something excited and oddly breathless in Susan's voice that startled Merry so that she spilled the books hastily on the table beneath the big gilt-framed mirror and went swiftly into the living room.

Susan, flushed and bright-eyed, stood beside a beaming Carter Bagby, and they looked at Merry with what was, to Merry in that moment of wild shock, an almost indecent youthfulness.

"Merry, darling, I have some news for you," said Susan gaily. "Darling, you're going to have a brand-new father."

Merry felt as though she reeled from the shock, though as a matter of fact she only went rigid, and white-faced beneath her honey-gold tan, as she stared with wide, incredulous eyes from one beaming face to the other.

"Your mother has done me the very great honor to accept my proposal of marriage," said Carter pompously, and beamed fatuously at Susan.

"Mother!" Merry was too shocked, too swept off her feet to be able to control her shocked disapproval, her bewildered protest.

"I shall do my utmost to make your mother happy, Merry. I assure you, and to be a good father to you," said Carter, but there was now a faint edge to his tone.

"Thanks, I have a father, and a darned good one, and that will be quite sufficient, thank you," flashed Merry before she could control the words.

"Merry!" Susan was outraged. "How dare you be rude? Apologize to Carter immediately."

But Merry had had all she could take, and suddenly she ran down the hall and into her own room, closed the door and flung herself face down across the bed.

SOME time later—she was too dazed and shaken to know how long—Aunt Jane sat beside her on the bed, patting her shoulder soothingly as though she had been six months old and in need of being burped.

"Honestly, Merry, I am astounded at you. Have you been blind, that you couldn't see this coming?" asked Aunt Jane at last. Merry rolled over and sat up. "Aunt Jane, we can't let her marry him—we can't."

"How do you suggest we stop it? By locking her up somewhere on bread and water?" "But there must be something we can do."

furiously. "My dear blessed little innocent! How the heck can you save her from something she wants? She's crazy about the guy. She's been married so long that it's a habit she can't break. She's the incurably domestic type, born to marriage as the sparks fly upward or something. She was born to be a wife and mother, and she's miserable in any other existence. I don't suppose Bagby is such a bad little guy; I just don't like him, because he's not my type at all. But that's not to say he won't make her happy. I'm probably a no-good so-and-so to feel he's looking for a soft berth and thinks he's found it with Susan; at his age, at any rate, he'll probably be properly grateful for all she can do for him and repay her by being loyal and faithful and the lap-dog kind of husband Susan needs."

SUSAN was reproachful and a little cool to Merry for her attitude toward Carter Bagby. But Carter himself was very sweet and gentle with Merry. Offensively so, Merry told herself grimly; parading his gentle forgiveness for her unbearable rudeness, and thus high-lighting at the same time her bad manners and his excellent ones.

Aunt Jane looked on, saying nothing, but a tower of strength to Merry in the difficult days that passed until the wedding day dawned at last. And then, with a group of acquaintances from the various committees and clubs she had joined and some of Carter's rather odd-looking friends as guests, Carter and Susan were married.

Afterwards, Susan turned to Merry, and there were tears in her eyes as she kissed her and said impulsively, "Forgive me, darling, and be happy—because I am."

"Of course, Mother." Carter was almost unbearably possessive and pompous. And when at last they had gone on their honeymoon, Merry and Aunt Jane relaxed and Aunt Jane shook her head sadly.

"How Susan could ever for a moment let herself fall for that stuffed shirt—after Kin!" she exploded.

"Save her?" Aunt Jane mumbled.

250 head of purebred and registered Durocs consisting of the following:

- 40 BRED SOWS—Bred to farrow from Feb. 5th up through March. A very fine selection of individuals and some of the top sows you could get anywhere.
- 40 BRED GLITS—Bred to farrow from Feb. 5th up through March. This is a nice group with some extra fancy individuals included.
- 80 FALL GLITS—Bred and raised by me and from this selection you can get some really good herd starters.
- 10 FALL BOARS—Buy a future herd sire from this selection.
- 80 FALL BARROWS—Will make some feeders and barrow selections. All fall pigs are nicely started off and should weigh well by sale time.

Most of the fall pigs and bred glits are out of my great herd sire "Packer Type" and my sows produced such winners as the Congress at Columbus, Ohio, the State Fair, The American Royal, The Sears Award, and many smaller shows for myself and to those who bought them from me.

Drug Store Window Loses Battle With Invading Chevrolet

A 1942 Chevrolet sedan owned and driven by Mrs. Don Echrich of 68 East Side Square clipped off the parking meter and smashed into the front of Warg's Walgreen agency causing damage estimated at \$200 yesterday evening.

Mrs. Echrich stated that while backing away from the curb, where she had been parked in front of the drug store, she became confused and shifted into the wrong gear causing it to jump forward. The accident, occurring at approximately 3:45 p.m., shook clerks and patrons who were standing far to the rear of the building.

The front of the store had been recently remodelled, with an all glass front replacing the old doors and walls. John Warg, owner of the agency, stated that the car, which crashed into the extreme south side of the building, caused approximately \$200 damage to his new display windows.

Damage on the car was comparatively small. The grill and left headlight were smashed in and the left side of the windshield was cracked. Mrs. Echrich indicated that insurance would cover the cost of the damage.

Books On Industry, Business Keynote Library Display

The interests of business and industry furnish the keynote of the January display at the local public library.

Jacksonville residents engaged in building, either professionally or as a hobby, will find several books to fit their needs.

Such works as "Masonry Simplified" by Dalzell, "Plywood, What It Is and What It Does" by Meyer, and "Simplified Architectural Drawing" by T. C. Buss are ready for circulation.

Four books on advertising, including the new revision of "Layout in Advertising" by William Dwight, are also available. Insurance is treated from both the buyer's and the seller's viewpoints in Gilchrist's "Insurance and Your Security" and a Public Affairs pamphlet entitled "Buying Your Own Life Insurance."

In "The Ways of Fashion" M. D. Crawford, editor of Women's Daily, has added a chapter on the effect of war on fashion to his 1941 edition tracing the development of fashion.

Mr. Crawford also wrote "The Heritage of Cotton," especially fine for its illustrations.
